User Personas – María del Mar Madrid and Laura Marín

Persona 1 – First-Year Undergraduate Student

Name: Emma Walsh
Age: 18
Course: Business Studies (Year 1)
Tech Skill Level: Moderate
Primary Goal: Get help quickly when something goes wrong
Frustrations:

- Doesn't know which department to contact
- Gets confused between different websites
- Feels anxious about emailing staff

Scenario Fit:

- Reports Wi-Fi issue
- Books student support appointment
- Tracks request status

Why This Persona Exists:
Represents new students who are unfamiliar with university systems and need simple, centralised support.

Persona 2 – Final-Year Student

Name: Daniel O'Connor
Age: 22
Course: Computer Science (Year 4)
Tech Skill level: High
Primary Goal: fast and efficient issue resolution
Frustrations:

- IT issues during deadlines
- Delayed responses
- No visibility of request progress

Scenario Fit:

- Submits IT support ticket
- Uploads screenshot attachment
- Tracks request progress
- Receives notification updates

Why This Persona Exists:
Represents students who value efficiency and transparency in service handling.

Persona 3 – Administrative Staff Member

Name: Sarah Byrne
Age: 35
Role: Student Services Administrator
Tech Skill Level: High
Primary Goal: Manage requests efficiently
Frustrations:

- Too many emails
- Hard to track which issues are resolved
- Scheduling conflicts

Scenario Fit:

- Views submitted requests
- Updates request status
- Manages appointment availability
- Responds to students

Why This Persona Exists:
Represents the staff-side functionality of our system.

Persona 4 – International Student

Name: Lucas Müller
Age: 20
Course: Engineering (Year 2)
Tech Skill Level: Moderate

Primary Goal:
To easily understand and access university services without barriers

Frustrations:

- Not familiar with local university systems
- Language barriers when using certain services
- Uncertainty about who to contact for specific issues
- Overwhelmed by multiple platforms and websites

Scenario Fit:

- Searches for available university services
- Submits academic or administrative support requests
- Tracks the status of submitted requests
- Needs clear and centralised guidance

Why This Persona Exists:
Represents international students who require a clear, accessible, and user-friendly system, especially when they are unfamiliar with the university environment.
